Q: Is Golden still womyn's land? | A: Golden was lost many years ago.

Chelsea Bird: So WONDERFUL to see and hear all these beautiful inspiring women!!!! Much love and so many virtual hugs! I hope to get out to visit more of these places in the next couple years. Tanya and I have camping spots available in Sequim, WA. I'm listed as a contact dyke in *Lesbian Connection* so hit me up if you're in the far Northwest. We're a short distance from Discovery Bay Resort, a Lesbian RV park between here and Port Townsend. I have their contact info as well. Gotta sign off and get back to my construction project but thank you so much!!!!

Q: For women's lands who sell "lots" to women, what guarantees are made that women don't re-sell their lot to non-women. If a Lesbian buys a lot, how do you guarantee she won't resell it?

A: Alapine Village: We have Right of First Refusal in the deed. If you sell we buy back.
