

Don't be Afraid to CLICK

How this website works!

Most important — Don't be afraid to click on anything. You won't break the website. If you navigate away from a page and can't find your way back there are a few solutions you can try.

1. At the top of every web page are 2 arrows. One pointing to the right and one to the left. Click on the left facing arrow. And you will go back to the previous page. Click the right arrow and you go to the next page that has been viewed.
2. Instead of just clicking on a link, right click and you will see a drop down menu. Select open in new tab or open in new window. When you're finished viewing the page just click on the X at the top of the page to close the tab or just close the window. Your original page will still be there

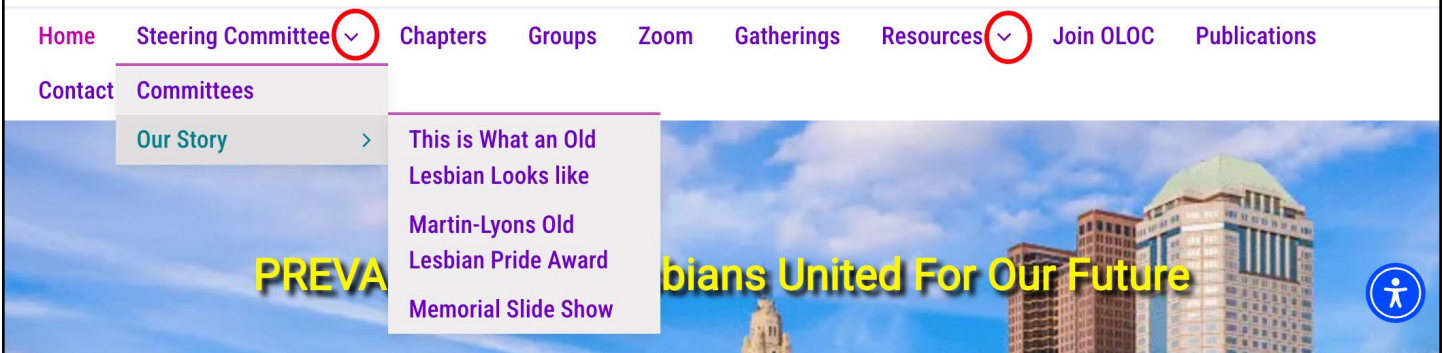

The Accessible Icon

This icon is for people with visual or audio challenges to It includes adjusting images, text, keyboard shortcuts, text-to-speech, etc., so that people with challenges can easily access the information on any website.

Click on the icon and a menu pops up. Click on any of the icons in the menu and you can change the size of the text, change the line spacing, change the size of the cursor. There are 14 different choices to make the website more accessible to you. If you don't like the adjustment just click on the icon again and it reverts back to the original appearance. Or, scroll down to the bottom of the Accessibility menu and click on **Reset All Accessibility Settings**.

Navigating the OLOC website

1. Best way is to navigate the site is to use the menu also known as the navigation bar. If you see a menu item with a down facing chevron after it, that means there are more pages listed under that topic. Just hold your cursor over it to see the additional pages listed.

We welcome feedback and suggestions from affiliates by way of mail, phone, or email. Please let us know if you want a response.

2. Use the site map located on the left hand side in the purple area at the bottom of the page. Click on the button labeled Site Map. The pages are listed in the order they appear in the menu with the sub pages listed under each heading. You can click on any of the pages to view them. The exceptions are the pages in the Affiliates Portal. The portal is password protected. To access those pages you have to first go to the Affiliates Portal.

3. Back to top icon is on the right hand side of the page near the bottom. Click on this and it will quickly scroll back up to the top of the page.

If you have any questions or need help you can contact the webweaver at olocwebweaver@gmail.com. I'm on my computer 5 days a week from 9am–5pm and will answer very quickly. Sometimes you can also catch me on the weekends.
